MEMORANDUM FOR THE RECORD

Morning Meeting of 11 July 1968

ADD/I reported that among the requirements levied on the Agency in connection with the development of a U. S. position on disarmament negotiations is a request for a SNIE on the options open to the Soviets for reallocation of resources to military programs not included in a disarmament treaty.

X1 [REDACTED]

Godfrey briefed on the Czech situation and noted that tension continues to rise.

Godfrey drew attention to the CBS report of an invasion of Cuba and indicated that as yet nothing has been found to substantiate the report.

D/ONE advised that a final meeting of representatives will be held next Tuesday on the verification Estimate with a view toward readying the Estimate for next Thursday's USIB agenda.

[REDACTED]

Maury advised that Senator Jackson was briefed yesterday on the Soviet ICBM problem and indicated that next week he may convene an informal meeting of select Kremlinologists to discuss where disarmament negotiations are likely to lead. The Director suggested that, if we are invited to participate, [REDACTED] should attend.

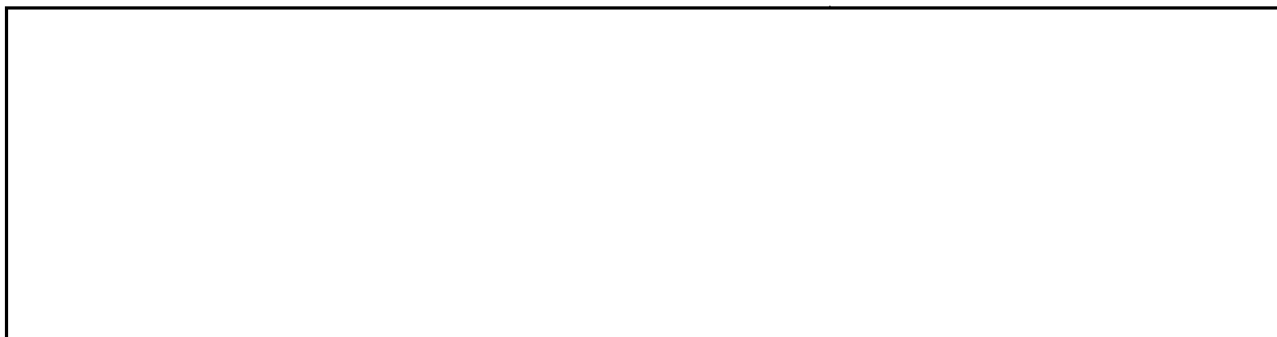

Maury advised that Senator Symington has raised questions with the Agency which may reflect his desire to heat up the manned aircraft question. Maury noted that DD/S&T will handcarry our responses to Senator Symington tomorrow and that a copy of same will be given to William Darden. The Director asked Maury to remind Darden to inform Senator Russell that Senator Symington has raised these questions.
